Al Mason of Seneca Has  
Desperate Struggle for  
Life in Grand River.

**TEAM IS DROWNED**

---

And Only After a Heroic Struggle  
With the Treacherous Waters  
Did He Manage to Fight  
His Way to the  
Shore.

---

Caught in the treacherous waters of the Grand river this morning, Al Mason, of the Mason-Adams Drug company of Seneca, Mo., was washed from his buggy, and only after a desperate struggle in the swift current did he escape death.

His team, encumbered with the harness were unable to battle against the rushing waters, and were swept away.

When Mr. Mason reached the bank of the stream he was totally exhausted, and his strength could not have responded to another effort. He was driven into Alton by a farmer who had witnessed the accident and after a short rest, had entirely recovered from his thrilling experiences.

It was early this morning that he attempted to ford the treacherous stream near Echo. The water was very high, but knowing the ford, he considered it safe to attempt crossing. When midway he lost one of the horses, lost his footing and plunging into a deep hole, dragged the other animal with it. In a moment the animals and vehicle were caught in the current, and were being swept away.

Mr. Mason nervily attempted to direct the struggling horses toward the bank, but they weakened rapidly, and the buggy settling in the water, he was caught in the current, and was compelled to swim for his life.

Several times he almost abandoned hope, as he swept after the team, but heroically continued his gallant struggles until when hope was almost gone he was washed ashore at a bend in the river.

Mr. Mason is well known here, and the news of his escape from almost certain death, resulted in a number telephoning their congratulations to him at Alton.

**Foley's Forecast.**

Mr. C. F. Foley, of Eufaula, chosen by the Muskogee convention to represent Indian territory at Washington in the fight for single statehood, has returned from his trip east and is confident that Indian territory will be given a territorial form of government.

In an interview Mr. Foley has said:

"The Moon bill is apparently the only bill affecting the territory that can pass this congress. It is certain of passage in the house, and has good chances of getting through the senate.

"In the Moon bill the county seats and boundaries are to be determined by the legislature, but Eufaula will be a county seat. There is simply no doubt about it.

"I think Indian territory's chances for a government are as good as Oklahoma's are for statehood, and I believe Indian territory will get a territorial form of government this congress."

**Elliott Case Decided.**

The supreme court has affirmed the decision of the lower courts in the case of Elliott vs. M. K. & T. railway which returned damages against the railroad for \$7,500. Elliott was a fireman and was killed in a wreck, caused by an error of a train dispatcher. The suit was brought by his wife and has been before the courts for nine years. W. T. Hutchings of Muskogee was attorney for Mrs. Elliott, and reaps a contingent fee of \$2,500.

**Late Literary News.**

No attempt has ever been made to tie together any congress representing the highest intelligence of the various nations of the world. The nearest approach to this was the Peace Conference at the Hague. The failure of that body was caused by the fact that it was elected to represent political and personal interests. It will be interesting to note the results which must come from the first World's Congress in which all nations shall be represented by men of the highest integrity and intellectual caliber. The difficulties is effecting such a gathering are almost insurmountable, but the Cosmopolitan magazine is making the effort with a full recognition of the endless obstacles to be overcome. In the March number, The Cosmopolitan's plan is briefly outlined. Its agents in Europe and elsewhere are carefully manufacturing lists of the ablest men of each country considered, with reference—First, To their sincerity. Second, Their earnestness. Third, Clear thinking, that is, ability to see the

Seek Relief!

The great proportion of women who suffer never make a serious effort to benefit themselves. The most of them go on paying no attention to their little menstrual disorders, believing they will eventually wear off. They grow worse and worse every day. At the period of menstruation a woman is peculiarly susceptible to cold and other external influences and it is also the most favorable time for the development of hidden disease germs which may be lurking in the system. Any physician knows that disordered menstruation, falling of the womb and leucorrhoea are blighting evils in almost every home. No woman should neglect herself a moment after the onset indicative of female diseases. Almost instant relief can be secured by the use of

Your Wine of Cardui has done a world of good for me. I have taken five bottles of the Wine and one package of Cardui's Pink-Orange-Candy and I have started to live it with me without it in the house. It helped my dear little child, who did not, to breathe as she ought. She was six years of age and nothing else helped her. I was in a very bad state of mind when I used your medicine. I had a severe cold in my nose. And now I feel like a new woman and do all my housework and washing, which I could not do before.

### A Most Liberal Offer.

Our former readers should take advantage of the unprecedented club-price we this year make, which is with this paper The Live Indicator, its special Farmers' Edition and The Poultry Farmer. These three publications are the best of their class and should be every farm home. To them we have before was so much superior matter offered for so small an amount of money. The three papers, which we club with our own, will known throughout the West and command themselves to the reader's favorable attention upon mere perusal. The Poultry Farmer is the practical poultry paper for the farmer, while The Special Farmers' Edition are the most practical publications for the promotion of farming ever published. Take advantage of this great offer, as it will be good for a short time only. Samples of these papers may be examined free of charge at this office.

### Seek Relief!

The great proportion of women who suffer never make a serious effort to benefit themselves. The most of them go on paying no attention to their little menstrual disorders, believing they will eventually wear off. They grow worse and worse every day. At the period of menstruation a woman is peculiarly susceptible to cold and other external influences and it is also the most favorable time for the development of hidden disease germs which may be lurking in the system. Any physician knows that disordered menstruation, falling of the womb and leucorrhoea are brightening lights to almost every home. No woman should neglect her health at a moment after she sees indications of female disease. Almost instant relief can be secured by the use of

## WINE OF CARDUI

It will relieve you right in your own home. Will you accept the testimony of Mrs. Bright and thousands of other women and really seek relief today? All druggists sell \$1.00 bottles of Wine of Cardui.

390 Chicago Street, Fort Wayne, Ind., March 27, 1902.

My Wine of Cardui has done a world of good for me. I have used five bottles of the Wine and one package of Cardui's Blood-Purifier. And again I have started to use it with you without it in the house. It helped my blood in the system, and it has done so much for me. I have used it for years of age and nothing else helped me. I was in a very bad state of health. I used your medicine, and I found relief in three days. And now I feel like a new woman, and do all my housework and walking, which I could not do before.

My Wine of Cardui has driven a world of good out of me. I have taken bottles of the Wine and one bottle of Cardui's Blood-Purifier. And since I have started to use it I feel much better in the house. It helped my sleep in Toledo, who did not, notwithstanding as she told me. She was six years of age and nothing else helped her. I was in a very bad state when I began to use your medicine. I had been in the hospital for a long time and I feel like a new woman and do all my housework and washing. I want to tell you how I feel.

**Seek Relief!**  
 The great proportion of women who suffer  
 never make a serious effort to benefit them-  
 selves. The most of them go on paying no at-  
 tention to their little menstrual disorders, be-  
 lieving they will eventually wear off. They  
 grow worse and worse every day. At the time  
 of menstruation a woman is peculiarly  
 susceptible to cold and other external influences  
 and it is also the most favorable time for the  
 development of hidden disease germs which  
 may be lurking in the system. Any physician  
 knows that disordered menstruation, falling of  
 the womb and leucorrhoea are brightening lives  
 in almost every home. No woman should neg-
